

Appendix 10A. The volume of transfers of major conventional weapons: by recipients and suppliers, 2001–2005

BJÖRN HAGELIN, MARK BROMLEY
and SIEMON T. WEZEMAN

Table 10A.1 The recipients of major conventional weapons, 2001–2005

The table includes all countries and non-state actors with imports of major conventional weapons in the five-year period 2001–2005. Ranking is according to the 2001–2005 aggregate imports. Figures are SIPRI trend-indicator values expressed in US\$ m. at constant (1990) prices. Figures may not add up because of the conventions of rounding.

^a The rank order for recipients in 2000–2004 differs from that published in *SIPRI Yearbook 2005* (pp. 449–52) because of subsequent revision of figures for these years.

^b Non-state actor/rebel group: NA = Northern Alliance (UFSA, United Islamic Front for the Salvation of Afghanistan); LTTE = Liberation Tigers of Tamil Eelam; NLA = National Liberation Army.

^c One or more unknown recipient(s).

^d Non-state actor/international organization.

Note: The SIPRI data on arms transfers relate to actual deliveries of major conventional weapons. To permit comparison between the data on such deliveries of different weapons and to identify general trends, SIPRI uses a *trend-indicator value*. This value is only an indicator of the volume of international arms transfers and not of the financial values of such transfers. Thus, it is not comparable to economic statistics such as gross domestic product or export/import figures. The method for calculating the trend-indicator value is described in appendix 10C and on the SIPRI Arms Transfers Project website, URL <<http://www.sipri.org/contents/armstrad/atmethods.html>>.

Source: SIPRI Arms Transfers Database.

Table 10A.2. The suppliers of major conventional weapons, 2001–2005

The list includes all countries and non-state actors with exports of major conventional weapons in the period 2001–2005. Ranking is according to the 2001–2005 aggregate exports. Figures are SIPRI trend-indicator values expressed in US\$ m. at constant (1990) prices. Figures may not add up because of the conventions of rounding.
